HEATING SOPHISTICATION

MADE IN BRITAIN

ENERGY EFFICIENT ENERGY SMART ENERGY EFFICIENT

COMBINING COMFORT CONTROLLED HEAT WITH STYLE...

Tansun the innovators of outdoor heating have taken the concept of heating people to the next level. When planning an entire outdoor space the correct heat balance together with style & comfort is important to achieve the perfect space that you love and more importantly that works!!

The Tansun comfort heat range offers 100% energy efficiency. Most of all the electrical energy produced is turned into infrared heat, this is due to the high end precision engineering of the products together with the performance of the top of the range ULG (ultra-low glare) heating elements.

Bringing the highest functionality, efficiency together with clean stylish aesthetics makes the new range of Tansun heaters reviled by no other.

HEATING WITH COMPLETE CONTROLLABILITY

Technical data and product subject to change without prior notice. Dimensions exclude brackets. Tansun heaters are designed and manufactured for outdoor use. They can be used indoors but should be used in conjunction with suitable energy saving controllers. Please contact Tansun for controllers for these applications. All data is an approximate guide only.

MONACO DOUBLE ULTRA RC

The Monaco double Ultra with built-in control and timer features has been designed with energy saving in mind, designed to heat large outdoor areas with the capabilities to reduce heat to individuals comfort levels when required.

The dual ULG technology provides the best in low light heating. The unit is fitted with large gold anti-glare reflectors that are designed to project intense infrared heat into dedicated outdoor spaces without flooding the area with unwanted light. Mainly used in commercial hospitality settings, this IP rated double unit is available in 3.0kW & 4.0kW variations. When you need maximum heat performance in total exposed areas that can be controlled to your comfort setting the double Monaco is the heater for you.

Ideal For: Commercial retractable roof heating, large restaurant terraces, bars & pubs, hospitality venues
