TANSUN ECLIPSE

NO GLARE HEATER

BUILT TO PERFORM | ENGINEERED TO PERFECTION

FOR INDOOR USE ONLY

The Tansun Eclipse is a no glare infrared heater. Constructed from powder coated black profiles, its modern sleek design will allow it to fit easily into upscale environments and it is also perfect for where heat is required but without the glare. The very latest in design and engineering, the Eclipse incorporates the most advanced ceramic heating technology, which gives the heater higher energy efficiency than others of its kind.

The Eclipse gives off medium wave infrared heat, which is perfect for ambient, comfort heating. The radiant heat is easily absorbed by people, leading to a cozy environment.
